CONCEPTS AND DEFINITIONS USED IN UDISE+..... 173

DISCLAIMER

Though all the efforts have been made to ensure the accuracy and currency of the content on this report, the same should not be construed as a statement of law or used for any legal purposes. In case of any ambiguity or doubts, users are advised to verify/check with the appropriate Government Functionary/Authority and/or other source(s) and to obtain appropriate professional advice. This Report is based on voluntary uploading of data by the schools having active UDISE+ codes in the academic year 2025-26 (reference year) with cutoff date as on 31st March 2026. The data is filled in the online designed Data Capture Format (DCF). The UDISE+ code to a recognized school is allotted by the Central Government based on the recommendation of the respective State/UT Government where the school is located. The responsibility for the accuracy of the data filled in the DCFs rests with the concerned Nodal Officers, namely Principal/ Vice-Principal/ Headmaster/ Head Teacher/ Senior most teacher at the school level, Cluster Resource Officer at the cluster level, Block Education Officer for the block level, District Education Officer at the district level and the State Project Director (SPD), Samagra Shiksha at the State level. The Ministry of Education, therefore, assumes no responsibility or liability for any errors or omissions in the data and indicators reported in the document. Inclusion of name of a school in any of the lists in the portal <http://udiseplus.gov.in> or any of the reports generated in the portal does not confer the status of recognition to the school by the Ministry of Education, Govt. of India. Post implementation of National Education Policy, 2020 (NEP 2020), requisite reforms in data collection system have been necessitated and UDISE+ is aligned with the recommendations of NEP 2020 by shifting focus on individual student for the first time at the national level a departure from school wise consolidated data till 2021-22. Similarly, population projections used for generating various educational indicators have been moderated based on the latest trends of birth rate as recorded by SRS system, saturation reports of UIDAI based on Aadhaar enrolment and the trends of adjoining States in case of smaller States and UTs. Therefore, educational ratios of UTs and few smaller State have undergone changes and strictly not comparable with previous year's figures till 2021-22. The NEP 2020 recommended that the extant 10+2 structure in school education be modified with a new pedagogical and curricular restructuring of 5+3+3+4 covering ages 3-18. Further, NEP 2020 recommended that, children in the age group of 3-6 are not covered in the 10+2 structure as Class 1 begins at age 6. In the new 5+3+3+4 structure, a strong base of Early Childhood Care and Education (ECCE) from age 3 is also included, which is aimed at promoting better overall learning, development, and well-being. Therefore, data collected in UDISE+ 2025-26 are also aligned with recommendation of NEP 2020.

Key Results- 2025-26

KEY RESULTS – ALL INDIA

1. INTRODUCTION:

- 1.1. The Indian school Education System is one of the largest in the world with nearly 14.67 lakh schools, 1.03 Crore teachers and 24.72 Crore students¹ from Foundational to secondary level from varied socio-economic backgrounds. The system strives to maintain standards and uniformity across the country while giving ample scope for the country's diverse culture and heritage to grow and flourish.
- 1.2. A robust, upto date and credible information collection mechanism is an essential prerequisite for an objective evaluation of the system, based on which specific interventions for improvement can be designed.
- 1.3. To enable seamless exchange of information, Department of School Education & Literacy (DoSE&L) has developed the “Unified District Information System for Education Plus (UDISE+)” from the reference year 2018-19. The UDISE+ facilitates online uploading of data at school level with inbuilt validation checks and subsequent data verification at the Block, District and State level to ensure data reliability and timely completion. Effectively, UDISE+ has become truly “one nation one database” in the school education sector. By the time of closing UDISE+ 2025-26 data entry, all States /UTs except the state of West Bengal are directly feeding data into UDISE+ portal of DoSE&L and West Bengal maintains its own MIS and provides bulk data link to UDISE+ portal of DoSE&L.
- 1.4. National Education Policy, 2020 vide Para 3.3 envisaged the concept of achievement of “universal participation in school by carefully tracking students, as well as their learning levels, in order to ensure that they (a) are enrolled in and attending school and (b) have suitable opportunities to catch up and re-enter school in case they have fallen behind or dropped out ignited the need of capturing student wise data.
- 1.5. To revolutionize the school data collection mechanism further and align the data to monitor the recommendations of NEP, w.e.f., 2022-23, individual student wise data collection has been started which now helps in tracking of the drop out students and resulting into evidence planning by the Governments in the view of identifiable number of students in the school. Since 2022-23, when the student registry was introduced in the UDISE + system, the present report is fourth in the series.
- 1.6. This revitalized UDISE+ ecosystem captures data on more than 60 fields for each student and to maintain the uniqueness of the child the Aadhaar details were also collected on the voluntary basis. However, apart from Aadhaar, a separate unique educational ID (EID) for every student has also been

¹Number of schools, teachers and students are from UDISE+ 2025-26. Pre-primary enrolment mentioned in this report excludes pre-primary enrolment in ECCE centres of Anganwadi and private kindergartens, as these are not a part of UDISE+ as on this date.

created in the UDISE+ portal to cover each and every child under the ecosystem of UDISE+ across country.

- 1.7. Through, unique student and teacher Identity, credentials of individuals (Student /Teacher) in the education ecosystem can be established more accurately, leading to weeding out of duplicate or ghost entries resulting into precise identification of beneficiaries of schemes such as Samagra Shiksha scheme, PM POSHAN Scheme, National Scholarship scheme etc. can result into significant amount of savings to Government in future years. Unique student wise data also ensures universal access to affordable high-quality education by monitoring students' attendance, learning outcomes, health parameters etc. and their progress at all levels (individual, institution, geographic location, region, State/UTs, autonomous body, etc.). This will also help in monitoring individual students from the present system of school monitoring and promoting good governance by effective expenditure management.
- 1.8. With effect from UDISE+ 2022-23, data fields are completely aligned with the recommendations of NEP 2020. The present publication relates to UDISE+ data for the reference year 2025-26, the individual student wise data reflects realistic and more accurate picture of education system. The UDISE+ 2025-26 data is not strictly comparable on various educational indicators like GER, NER, Dropout rates etc. with its previous reports upto 2021-22. However, they are all comparable for the years 2022-23, 2023-24, 2024-25 & 2025-26.
- 1.9. With effect from 2025-26, the school ecosystem is reclassified into the new pedagogical and curricular structure i.e. Foundational (Pre-Primary + Primary), Preparatory (partly Primary), Middle (Upper Primary), Secondary (Secondary +Higher Secondary) in line with NEP 2020 recommendations. As a result, education indicators are also re-classified in the 5+3+3+4 structure format from the previous 10+2 academic structure. Accordingly, UDISE+ report 2025-26 is restructured, and schools, teachers, students, and other educational indicators are reported as per the NEP 2020 aligned structure. Some key results of UDISE + 2025-26 are as follows:

Parameters	2025-26
Total Number of Schools	14,66,682
Total Number of Enrolments	24,72,19,766
Total Number of teachers	1,02,73,020
Pupil Teacher Ratio	24

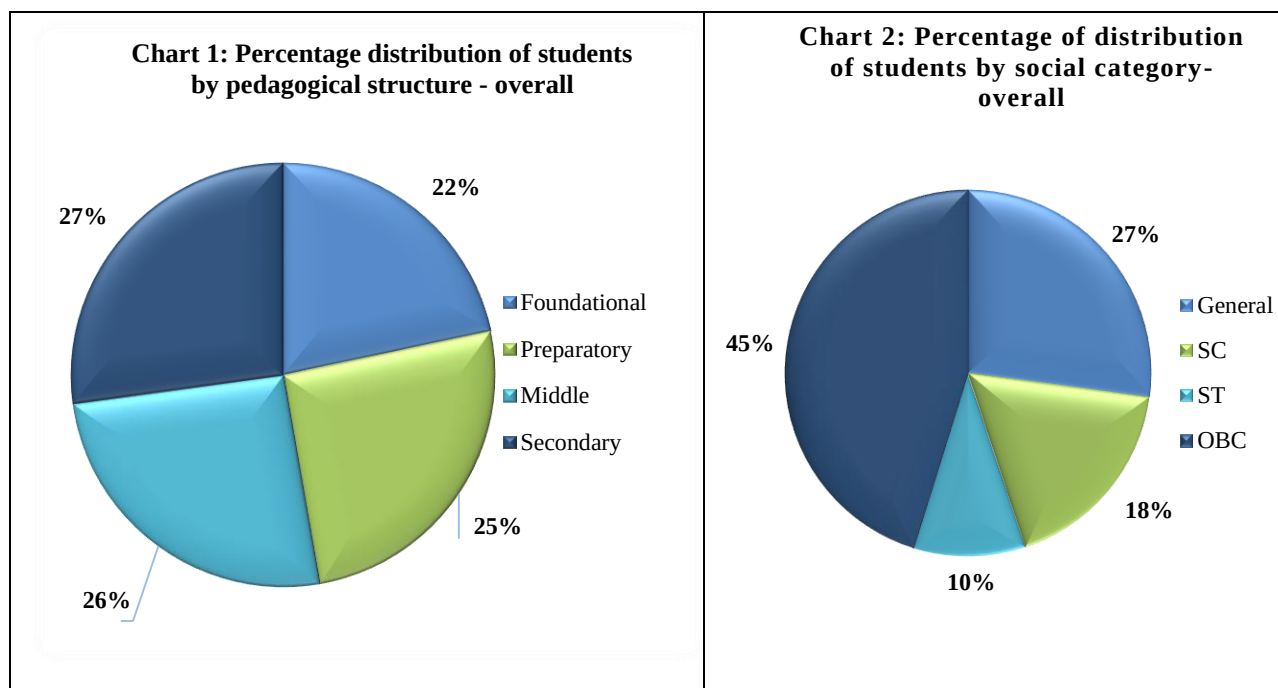

- 1.10. Some of the salient results at all-India level are given in the following paragraphs. This is followed by detailed tables at the all-India and State/UT level for the most used indicators based on the UDISE+ data. UDISE+ Reports can be accessible at <https://www.dsel-education.gov.in/documents>

2. Summary findings of UDISE+ 2025-26

2.1. School, Students and Teachers:

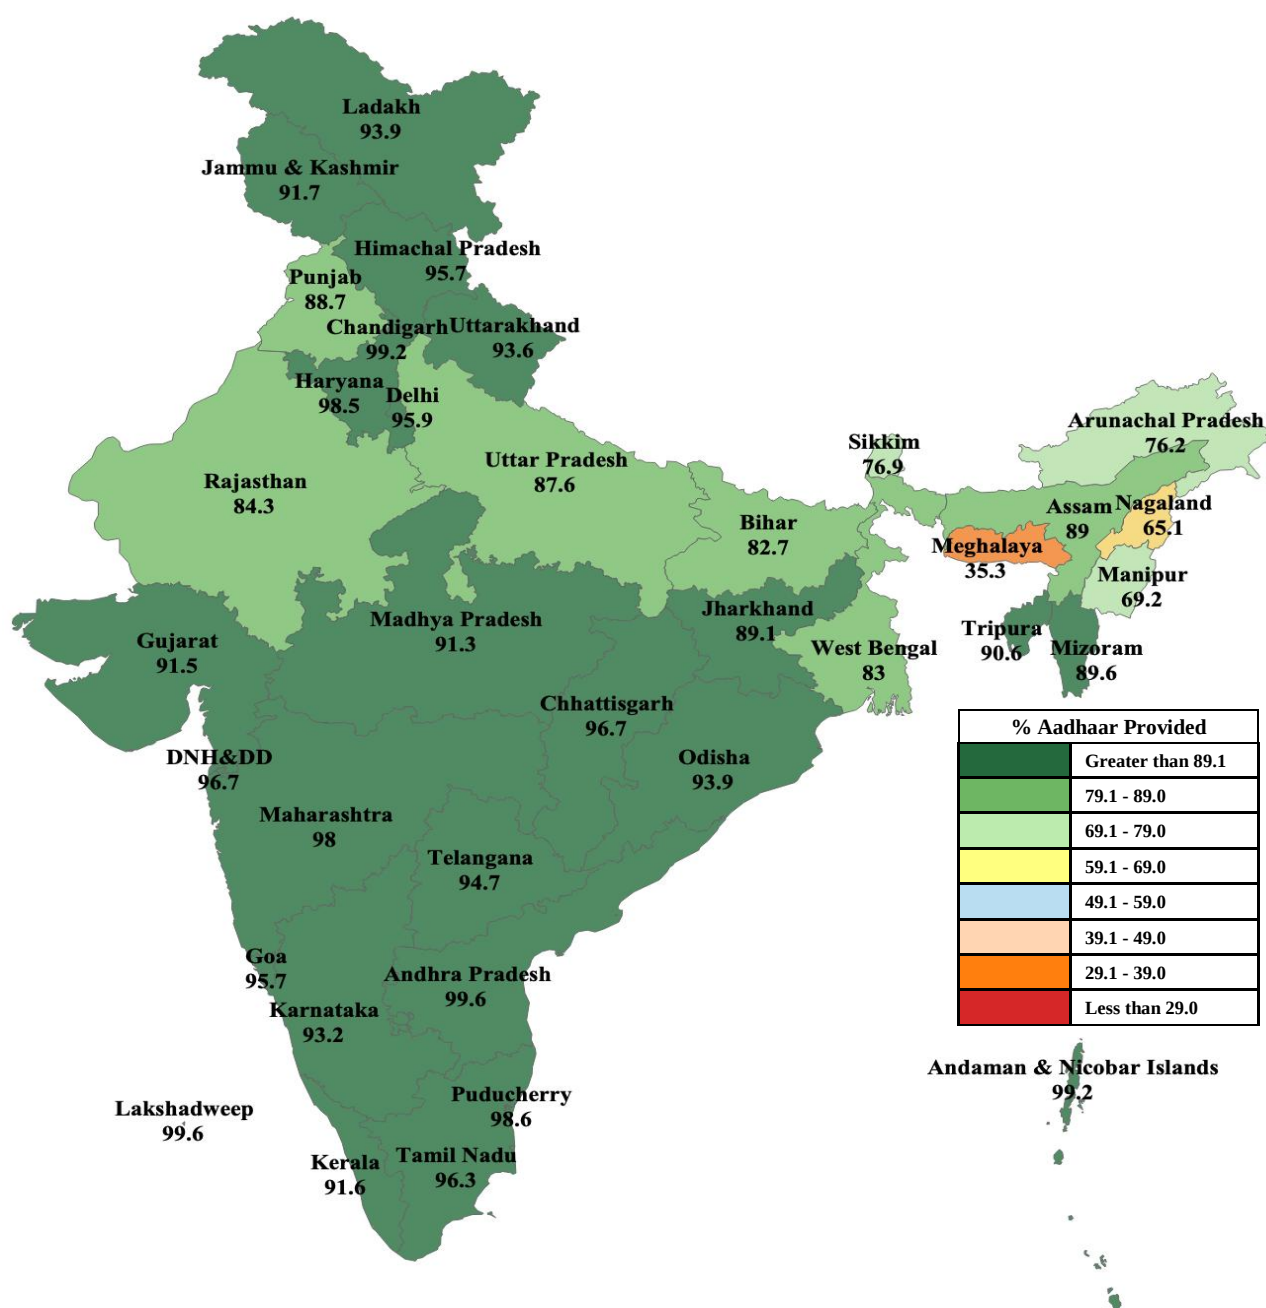

2.1.1. NEP 2020 identifies enrolment and attendance of children of school going age as primary goals of the schooling system. NEP also recommends achieving universal participation in school by carefully tracking of students, as well as their learning levels, in order to ensure that they (a) are enrolled in and attending school, and (b) have suitable opportunities to catch up and re-enter school in case they have left behind or dropped out. This was possible only through building a unique student-wise database which also helps in identifying dropped out students. It also helps in identifying ghost students and helps in transferring benefits to deserving students resulting into savings to government and good governance by way of better expenditure management.

2.1.2. For the first time at the national level individual student wise data has been collected from all recognized schools in the country through UDISE+ in 2022-23. A total of 24.72 Crore students have been reported in the academic year 2025-26. Spread of enrolments for the year 2025-26 for different levels of education namely, Foundational, Preparatory, Middle and Secondary are given in Chart 1 below. It may be noted that enrolment data at Foundational stage contained in the UDISE+ system does not include the enrolment of the Anganwadi centre (AWC) system run by the Ministry of Women and Child Welfare. It covers only the enrolment in Balvakita/pre-primary classes of different categories of schools onboarded with UDISE +. Further Chart 2 represents the percentage distribution of enrolments by social categories.

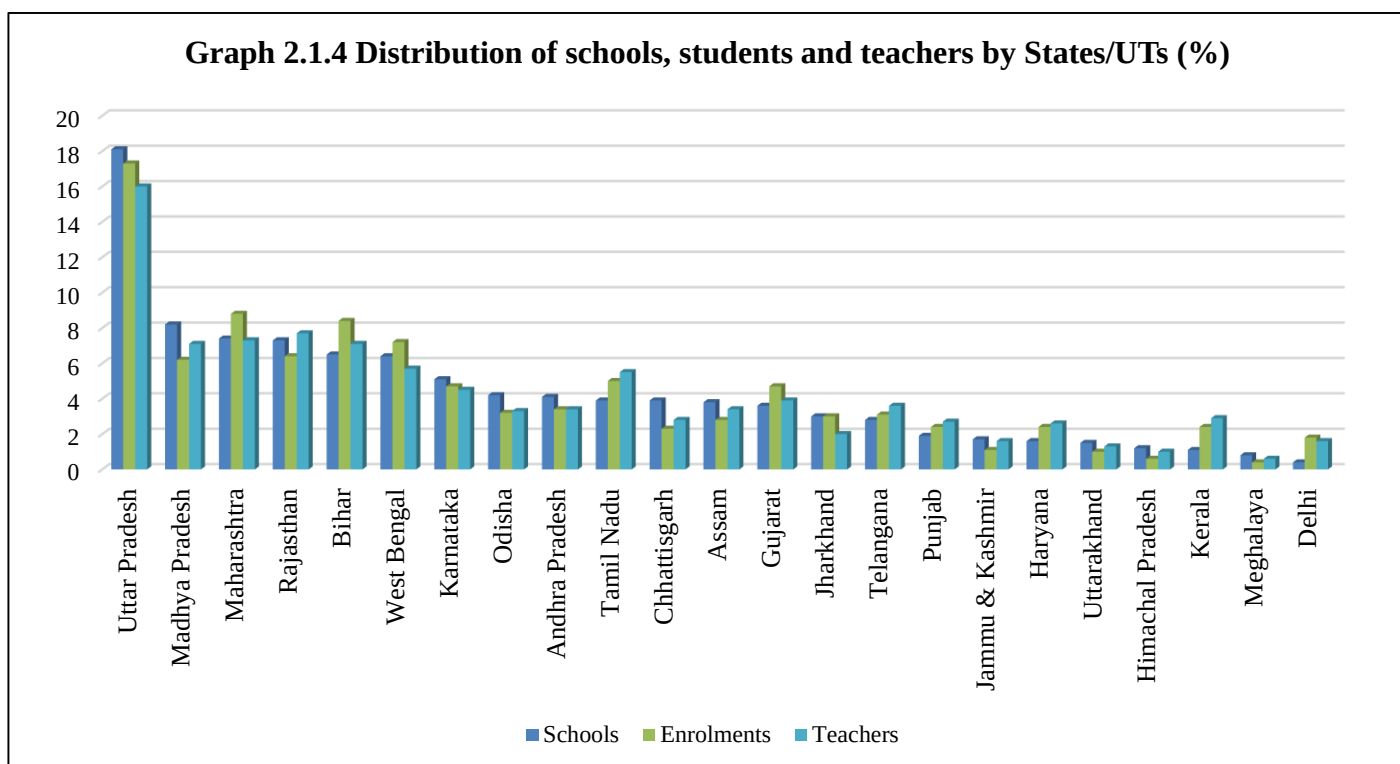

2.1.3 Recognizing, identifying, and fostering the unique capabilities of each student is possible if we have unique data of each of the student. During 2025-26, 22.3 Crore students constituting approximately 90.2 % of the total enrolled students, voluntarily provided Aadhaar number. The distribution of enrolled students who provided Aadhaar number are represented in map 2.1.3. Andhra Pradesh and Lakshadweep both have seeded Aadhaar numbers for 99.6% of students, representing the highest levels among all States and UTs, followed by Andaman & Nicobar Islands (99.2 %), Chandigarh (99.2%), Puducherry (98.6%), Haryana (98.5%) and Maharashtra (98%). States with lowest Aadhaar seeding data are Meghalaya (35.3%), Nagaland (65.1%) and Manipur (69.2%) with national average of 90.2%.

Map 2.1.3: Distribution of Students' Aadhaar seeding during 2025-26 (%)

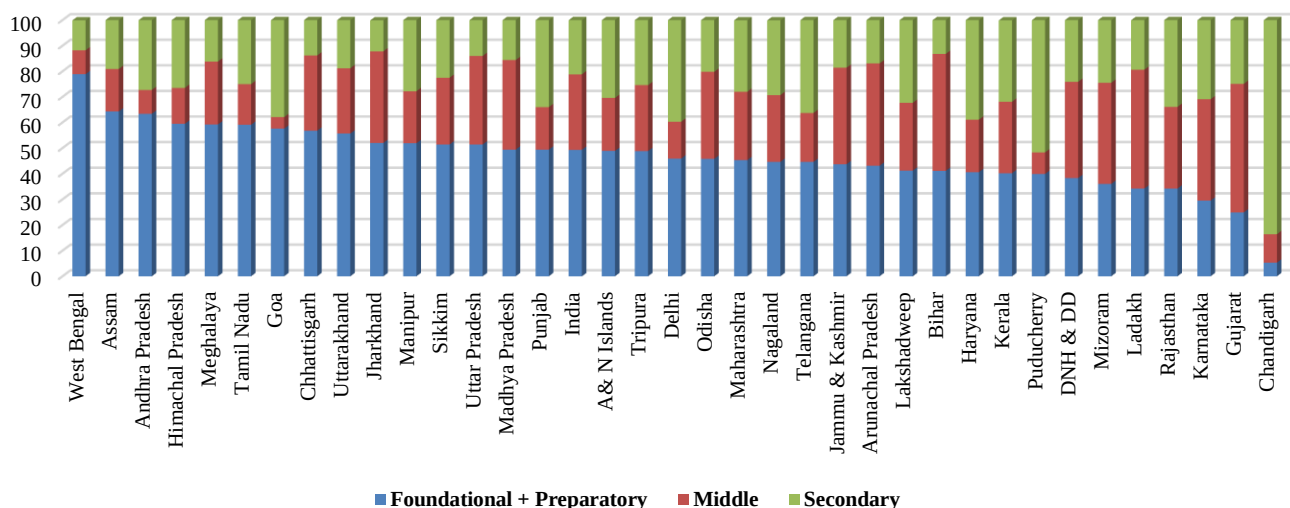

2.1.4 State wise distribution of Students and Schools in major states:

One of the primary goals of the schooling system must be to ensure that children are enrolled in and are attending school. The availability of schools, teachers and students enrolled in different states across India are presented in Graph 2.1.4. States such as Uttar Pradesh, Madhya Pradesh, Rajasthan, Karnataka, Odisha, Andhra Pradesh, Chhattisgarh, Assam, J&K, Uttarakhand, Himachal Pradesh, and Meghalaya, where percentage of available school are more than percentage students enrolled implying underutilization of available schools leading to suboptimal economy to scale. Where as in States viz., Maharashtra, Bihar, West Bengal, Tamil Nadu, Gujarat, Telangana, Punjab, Haryana, Delhi, and Kerala, percentage of available schools are significantly less as compared to enrolled students indicating more students per school.

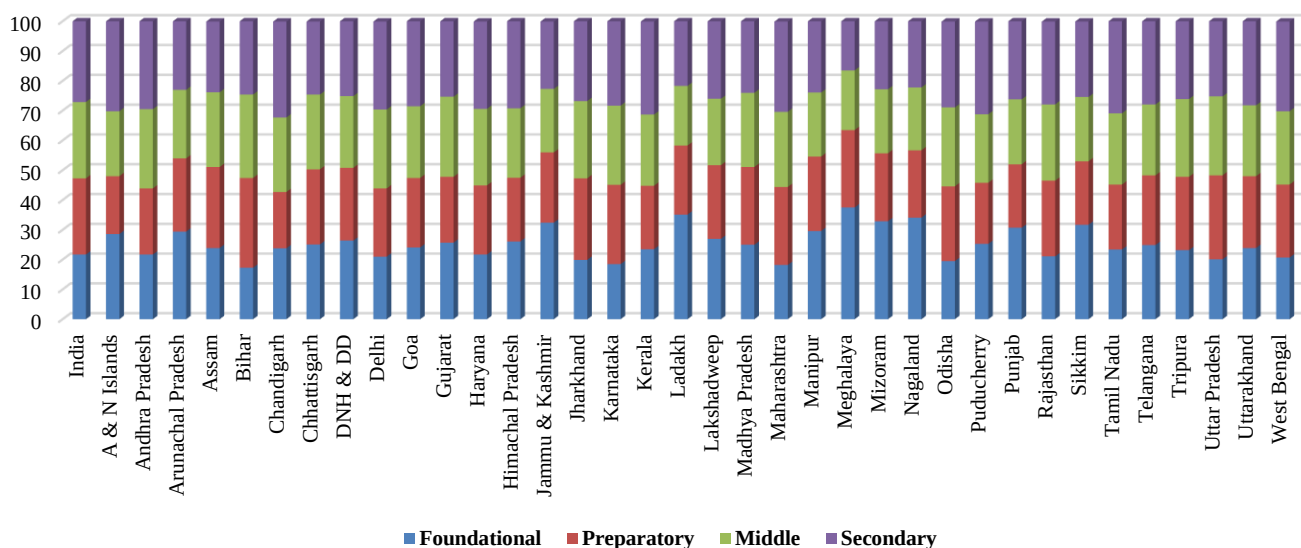

2.1.5 Availability of the right mix of schools at all levels being a supply variable in education system largely influences the demand factor. Though a large number of Foundational and Preparatory schools have been established post RTE, the commensurate establishment of schools at secondary level have not been evidenced. This imbalance in the availability of schools at all levels may pose the risk of large-scale dropout of students at the higher classes. Graphs 2.1.5, 2.1.6 and 2.1.7 represent the distribution of schools, students, and teachers across different levels of education respectively. West Bengal has 78.9 % Foundational and Preparatory schools and only 11.7 % Secondary schools whereas in Chandigarh, 83.7 % schools are Secondary schools and only 5.3 % Foundational and Preparatory schools.

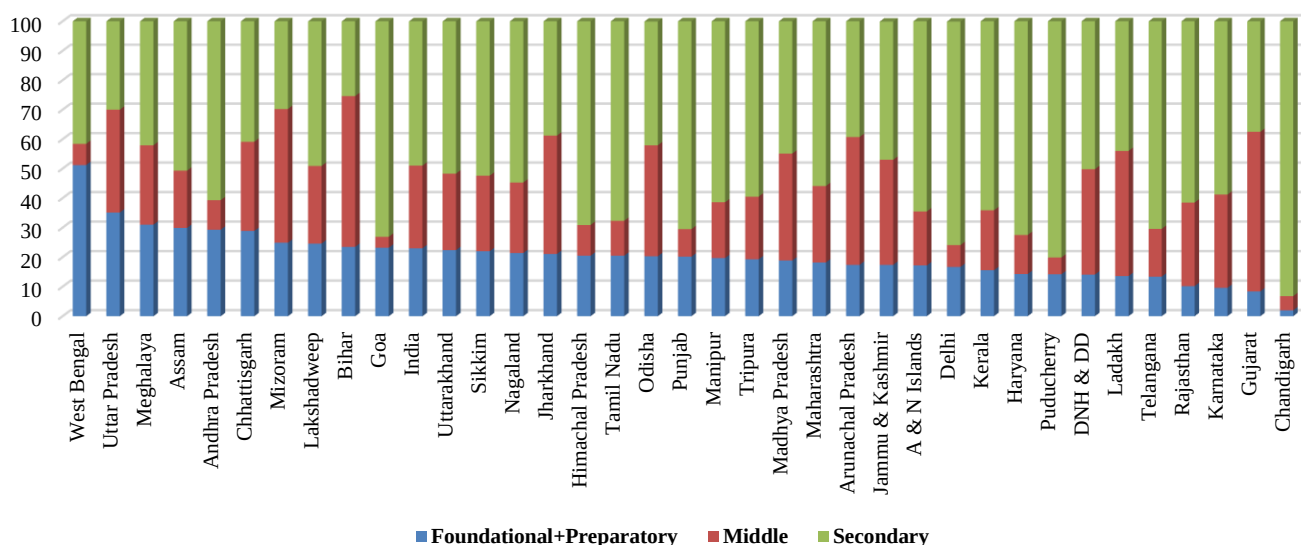

2.1.5 :Distribution of Schools by pedagogical structure (%)

2.1.6 :Distribution of Students by pedagogical structure (%)

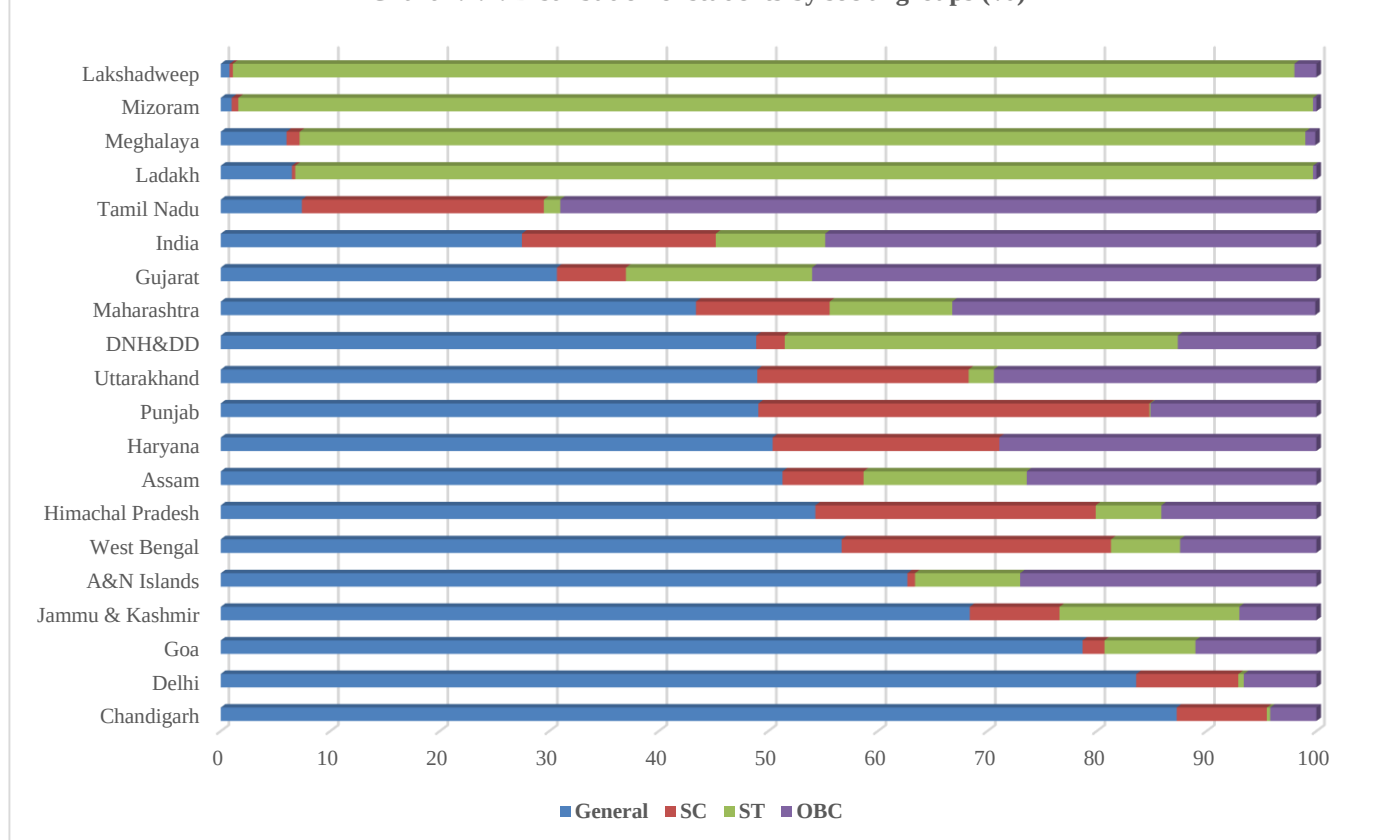

2.1.7 :Distribution of Teachers by pedagogical structure (%)

2.2. Equity of Students participation: Gender, social category and minority groups.

2.2.1 Education is the single effective tool for achieving social justice and equality. Inclusive and equitable education, an essential goal in its own right is also critical to achieving an inclusive and equitable society in which every citizen has the opportunity to dream, thrive, and contribute to the nation. The education system must aim to benefit India's children so that no child loses any opportunity to learn and excel because of circumstances of birth or background. NEP 2020 also reaffirms that bridging the social category gaps in access, participation, and learning outcomes in school education will continue to be one of the major goals of all education sector development programs. At the national level, 48.4 % students are girls. The Gender Parity Index (GPI) measured as ratio of GER of girls to GER of boys stood at above 1 at all level indicating more proportionally higher participation of girls as compared to boys. It is pertinent to mention that the data of transgender has been clubbed inside "Boys" for the purpose of publication of data and report. Further, the representation of minorities in total enrolment is more than 20%. Amongst the minorities 79.4 % are Muslim, 10.1% are Christians, 7.1% are Sikh, 2.0 % are Buddhist, 1.3% are Jains and 0.1% Parsi. Chart 2.2.1 represents State wise distribution of students among various social background. At the national level, 27.5% students registered in UDISE+ are from General category, 17.7 % from SC, 10 % from ST, 44.9 % are OBC category.

Chart 2.2.1: Distribution of students by social groups (%)

2.3 Number of teachers

2.3.1 Role of Teachers in shaping the future of students is well documented. Therefore, it is because of this noblest role that the teacher, their deployment across different school types becomes important.

Distribution of Teachers by classes taught, for 2025-26 for different pedagogical structure namely, Foundational, Preparatory, Middle, and Secondary are given in Charts 2.3.1 below. Further Chart 2.3.2 to 2.3.4 represents the distribution of teachers by pedagogical structure, Social Categories and Management respectively.

Chart 2.3.1: Percentage distribution of teachers by Classes Taught - Overall

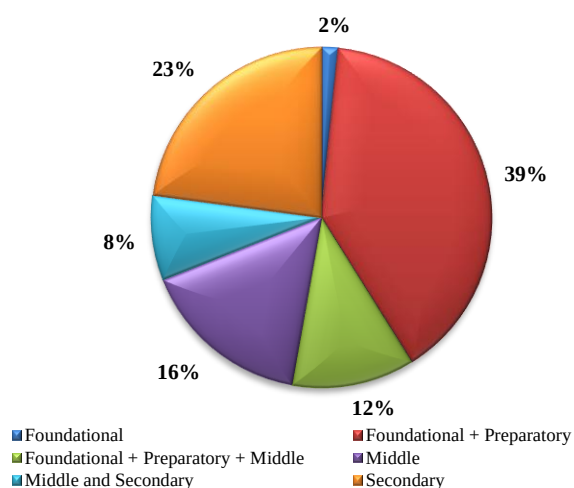

Chart2.3.2: Percentage distribution of teachers by school category - Overall

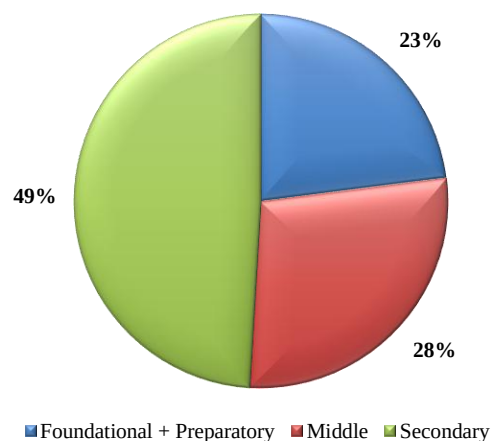

Chart 2.3.3: Percentage distribution of teachers by social category - Overall

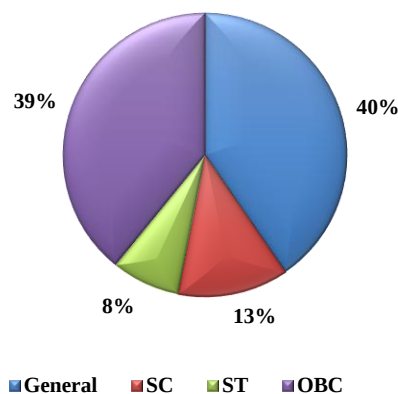

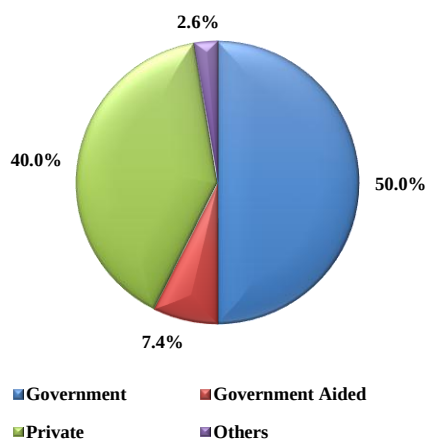

Chart 2.3.4: Percentage distribution of teachers by management - Overall

2.3.2 Both the RTE and NEP 2020 envisage for right mix of teacher and student's ratio called Pupil-to-Teacher Ratio (PTR). Lesser the PTR represents teachers' ability to develop healthy one-on-one interactive relationships and offer insight and help in ways that would be impossible in a larger classroom. NEP, 2020 recommended for reaching a PTR ratio of 30:1 at all levels of school education system to have a reasonable level of interactive learning and achieving desired level of learning outcomes. Therefore, measuring accurate data of students and teachers become paramount to access achievement. Average number of students per school across States/UTs are presented in Chart 2.3.5

along with PTR. PTR by pedagogical structure is presented in Chart 2.3.6 below. PTR is still at higher level than RTE norms in few States especially at Secondary level. It is observed that, Chandigarh and Delhi, have highest number of students per school with PTR within the RTE norm indicating optimum utilization of school infrastructure. On the other side, for states such as Ladakh, Mizoram, Himachal Pradesh, Sikkim Meghalaya, students per school are significantly low indicating need for optimization of school's infrastructure.

Chart 2.3.5 : Students per school and PTR - Overall

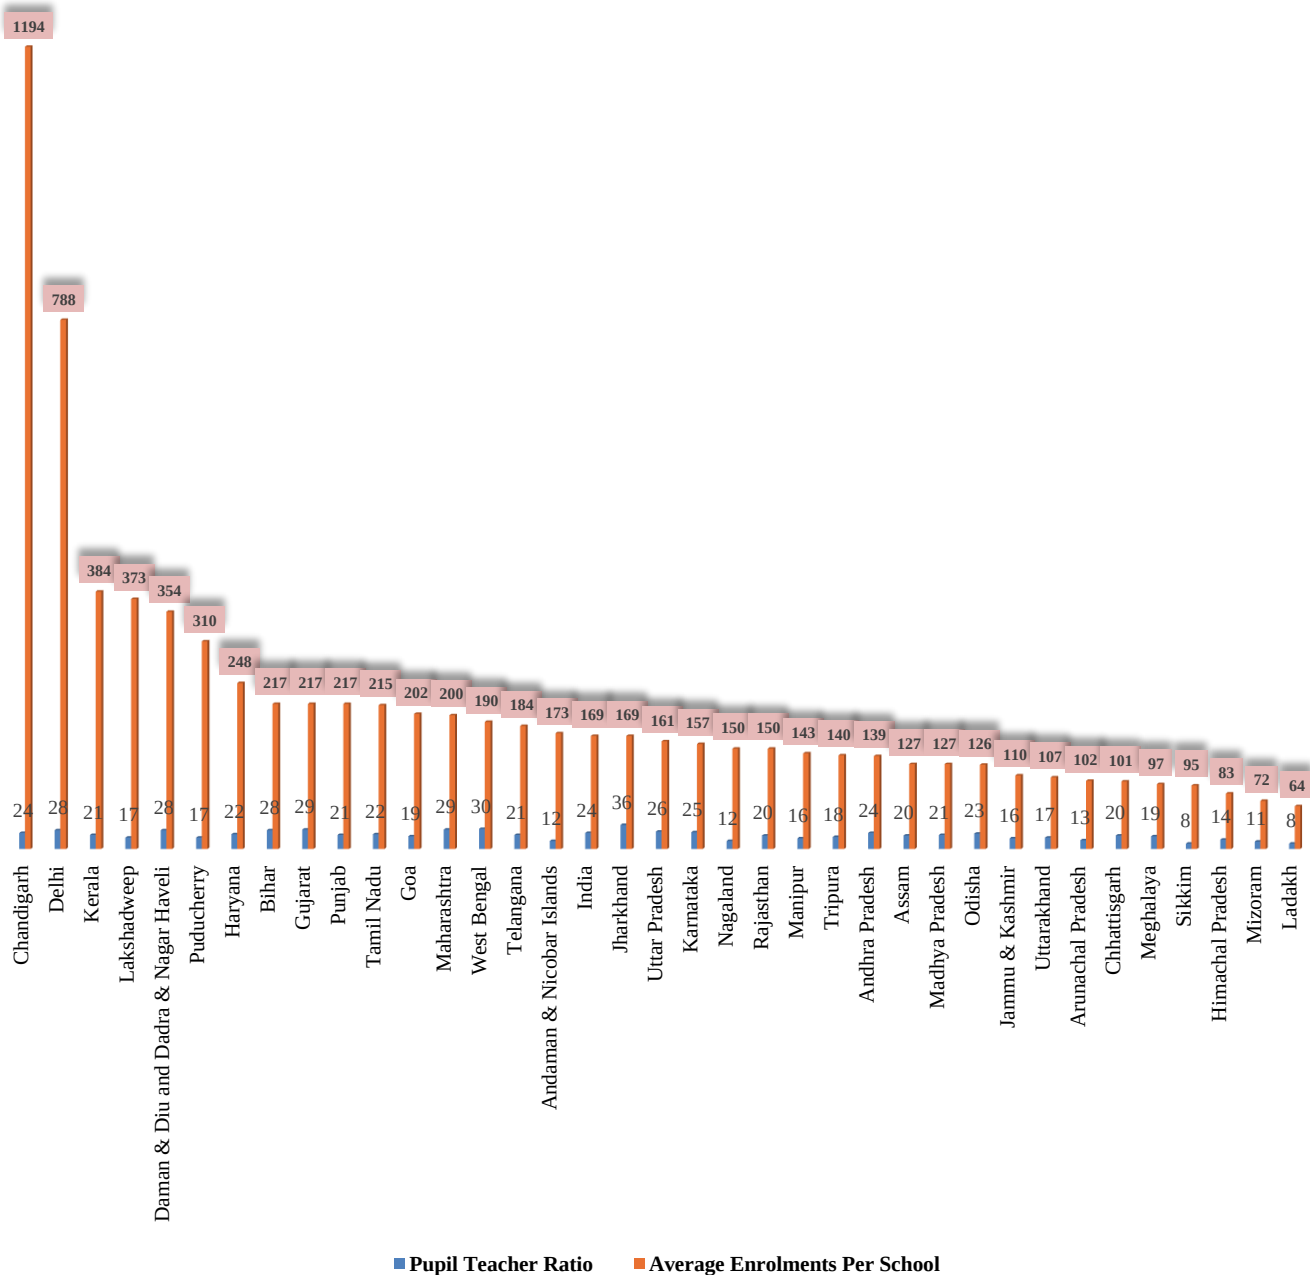

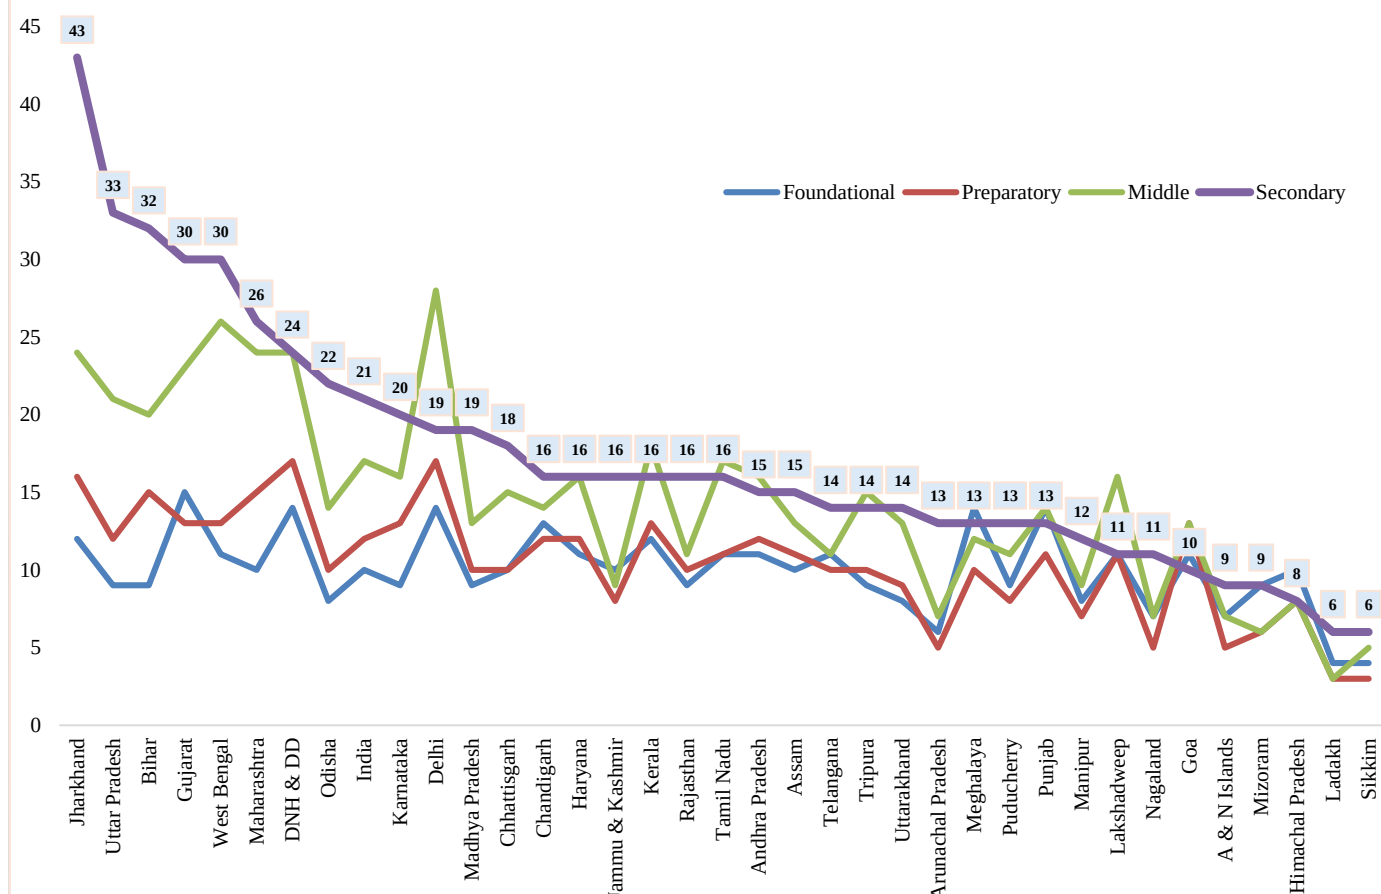

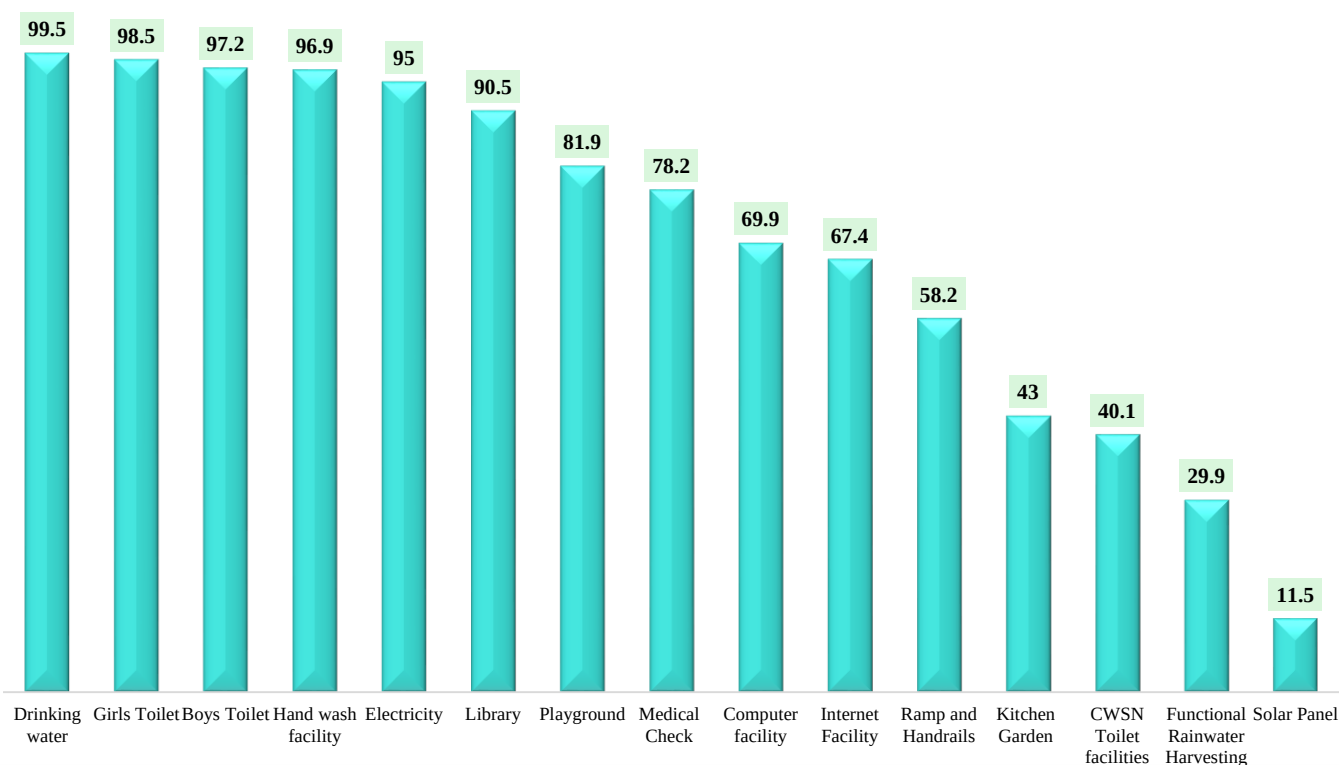

Chart 2.3.6 : PTR by pedagogical structure

2.4 School infrastructure

2.4.1 To ensure decent and pleasant service conditions at schools, NEP recommended for providing adequate and safe infrastructure, boundary wall, including working toilets, clean drinking water, clean and attractive spaces, electricity, computing devices, internet, libraries, and sports and recreational resources become paramount importance. Pleasant school environment tends to promote teachers and students, including children of all genders and children with disabilities, receive a safe, inclusive, and effective learning environment and are comfortable and inspired to teach and learn in their schools. Government has taken various measures in this direction and provides financial assistance to States /UTs under Samagra Shiksha Scheme. Chart 2.4.1 presents major infrastructure facilities available in the schools at the national level. The state wise details of basic infrastructures are presented at table 2.5 in the succeeding section of this report.

Chart 2.4.1 : % of schools with basic infrastructure facilities

2.5 Gross Enrolment Ratio (GER) and Dropout Rate:

2.5.1 The National Education Policy 2020 (NEP 2020) identified universal education as a key priority, with several initiatives aimed at transforming the education sector and empowering the nation's youth. At the heart of the NEP vision to achieve 100% Gross Enrolment Ratio (GER) till secondary level by 2030, it is necessary to measure GER. The Gross Enrolment Ratio (GER) compares the enrolment in a specific level of education to the population of the age-group which is most age-appropriate for that level of education. For example, the GER of Foundational is student enrolment in pre-school to class 2 expressed as a percentage of population in age group 3-7 years. Similarly, GER of Preparatory is enrolment in class 3-5 expressed as a percentage of population in age group 8-10 years, and so on. Since changes in GER are usually not much on a year-to-year basis, its movement in the long run is of interest. Chart 2.5.1 to 2.5.4 shows the GER for different levels of education across the States/UTs. It may also be noted that GER greater than 100% might indicate presence of over or under age children in a particular level of education, inter State migration etc.

Chart 2.5.1: Foundational - GER

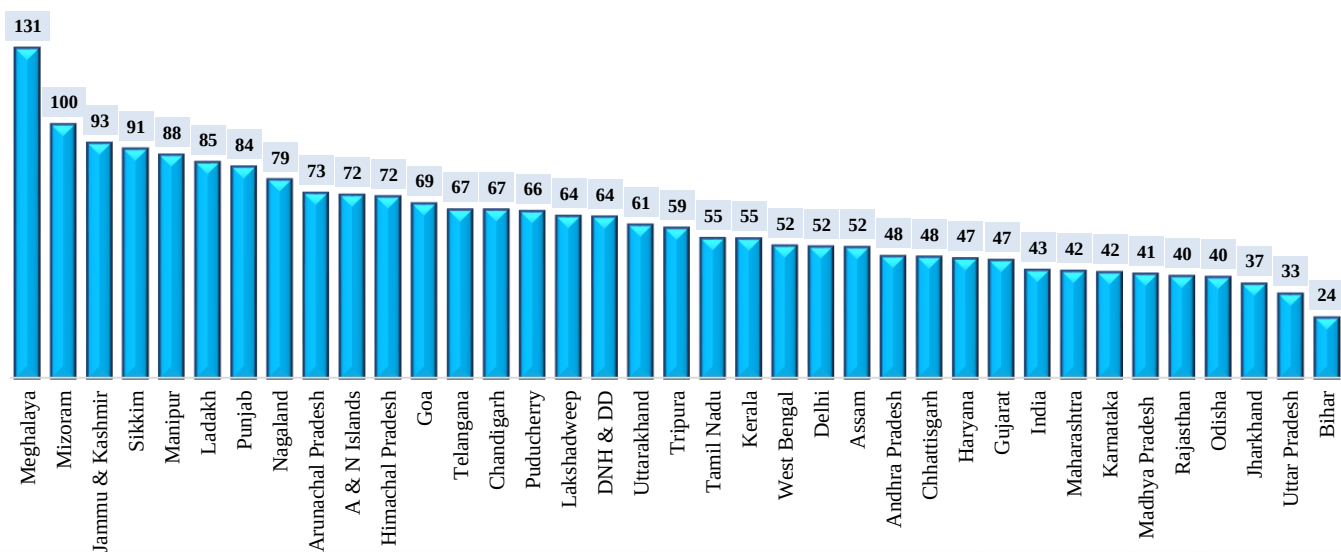

Chart 2.5.2: Preparatory - GER

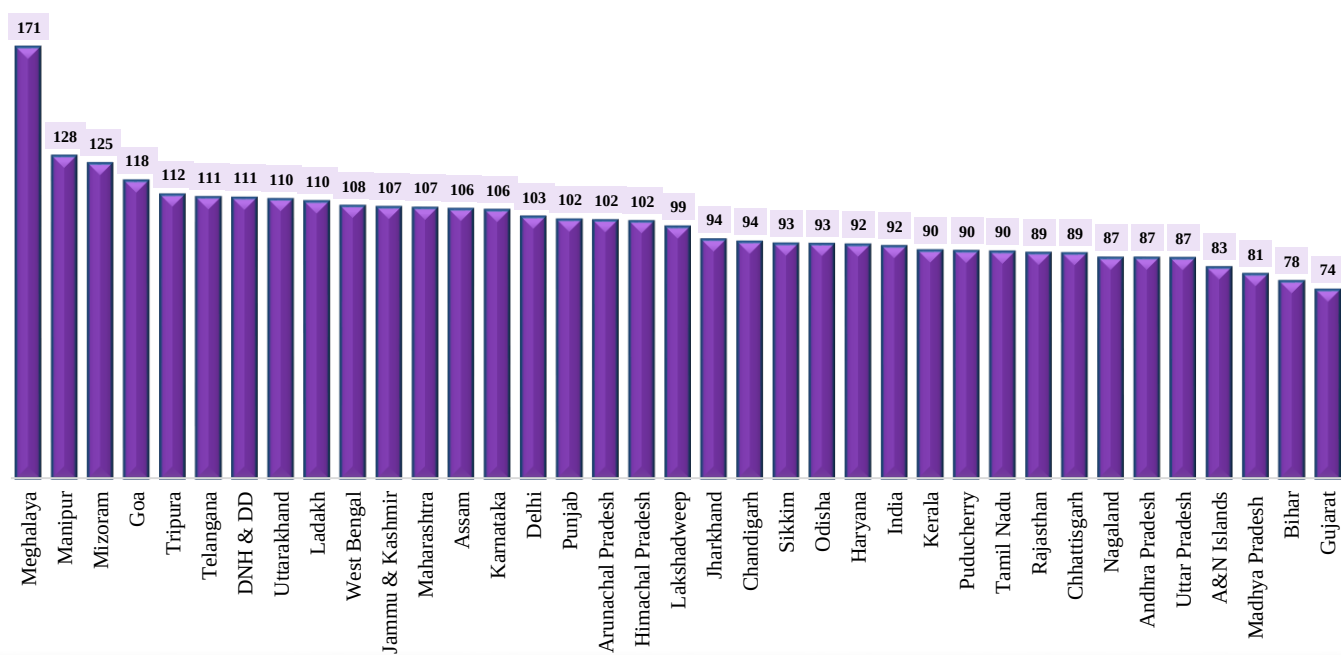

Chart 2.5.2: Middle - GER

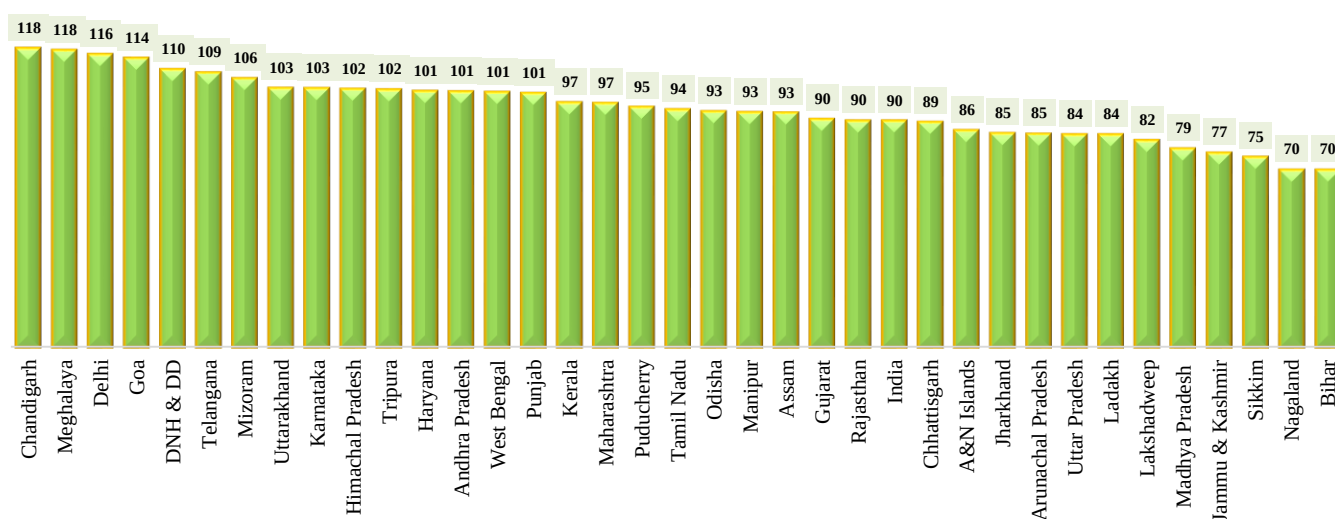

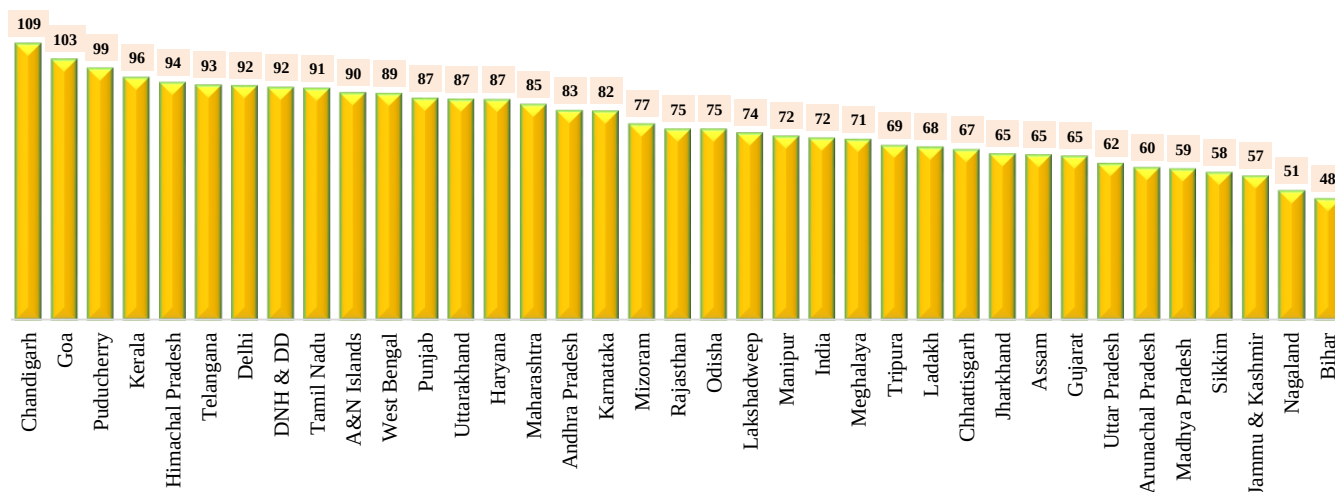

Chart 2.5.2: Secondary - GER

2.5.2 Drop out of students & Retention:

Curtailing dropouts and ensuring universal access to education at all levels by 2030 is one of the primary goals of National Education Policy (NEP) 2020 and Sustainable Development Goals (SDGs). Areas such as enrolment and retention of students show how many students who entered the school at

class 1 are being retained in subsequent years, representing effectiveness of policy. With individual student wise data, now drop out of students can be identified precisely and track them for bringing them back to school. This will also help in monitoring of progression of students in their entire school life. This is calculated based on actual movement of students from one level to another using individual student wise data and represents actual scenario more precisely. Chart 2.5.5 and Chart 2.5.6 shows Dropout and Retention rate of students in 2025-26 respectively at the national level. The zero-dropout rate at Foundational level is mainly due to admission of students from Anganwadi, standalone private pre-primary school directly to class I in recognized schools.

Chart 2.5.5: Dropout Rate by pedagogical structure

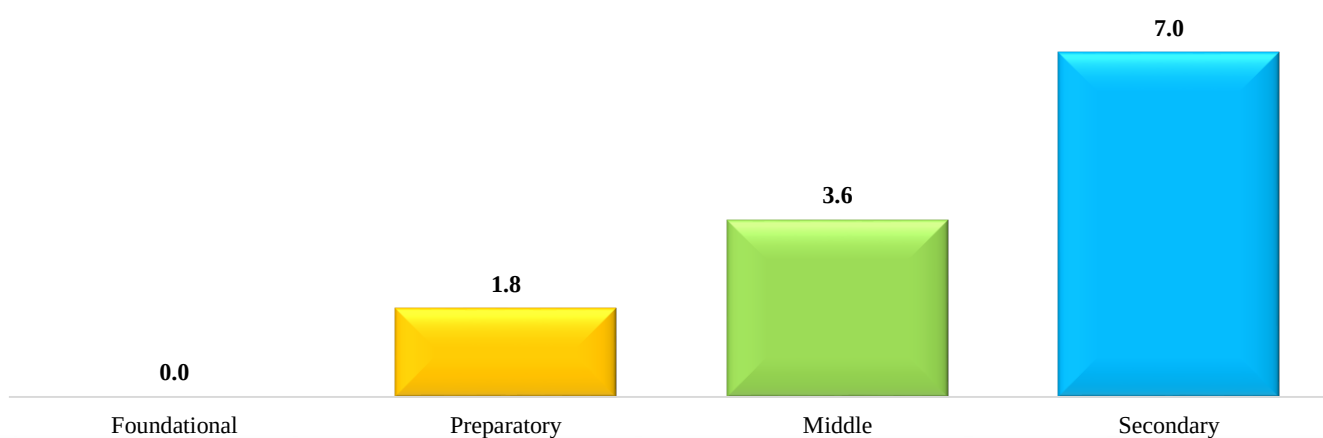

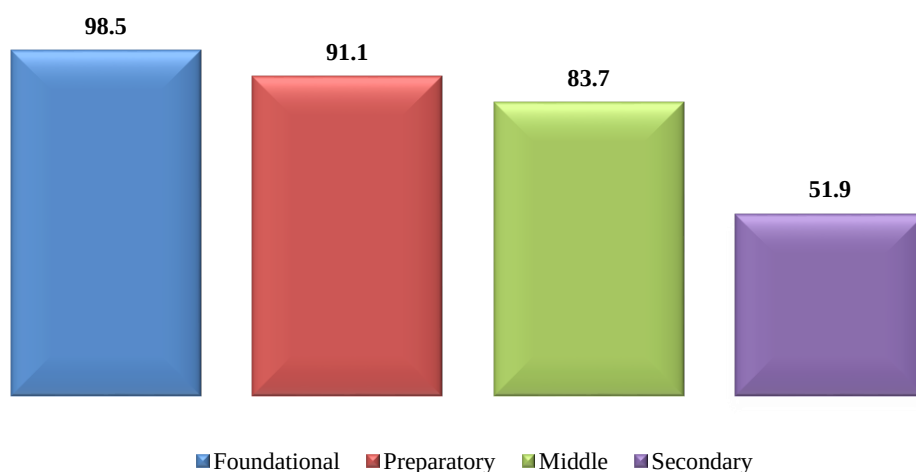

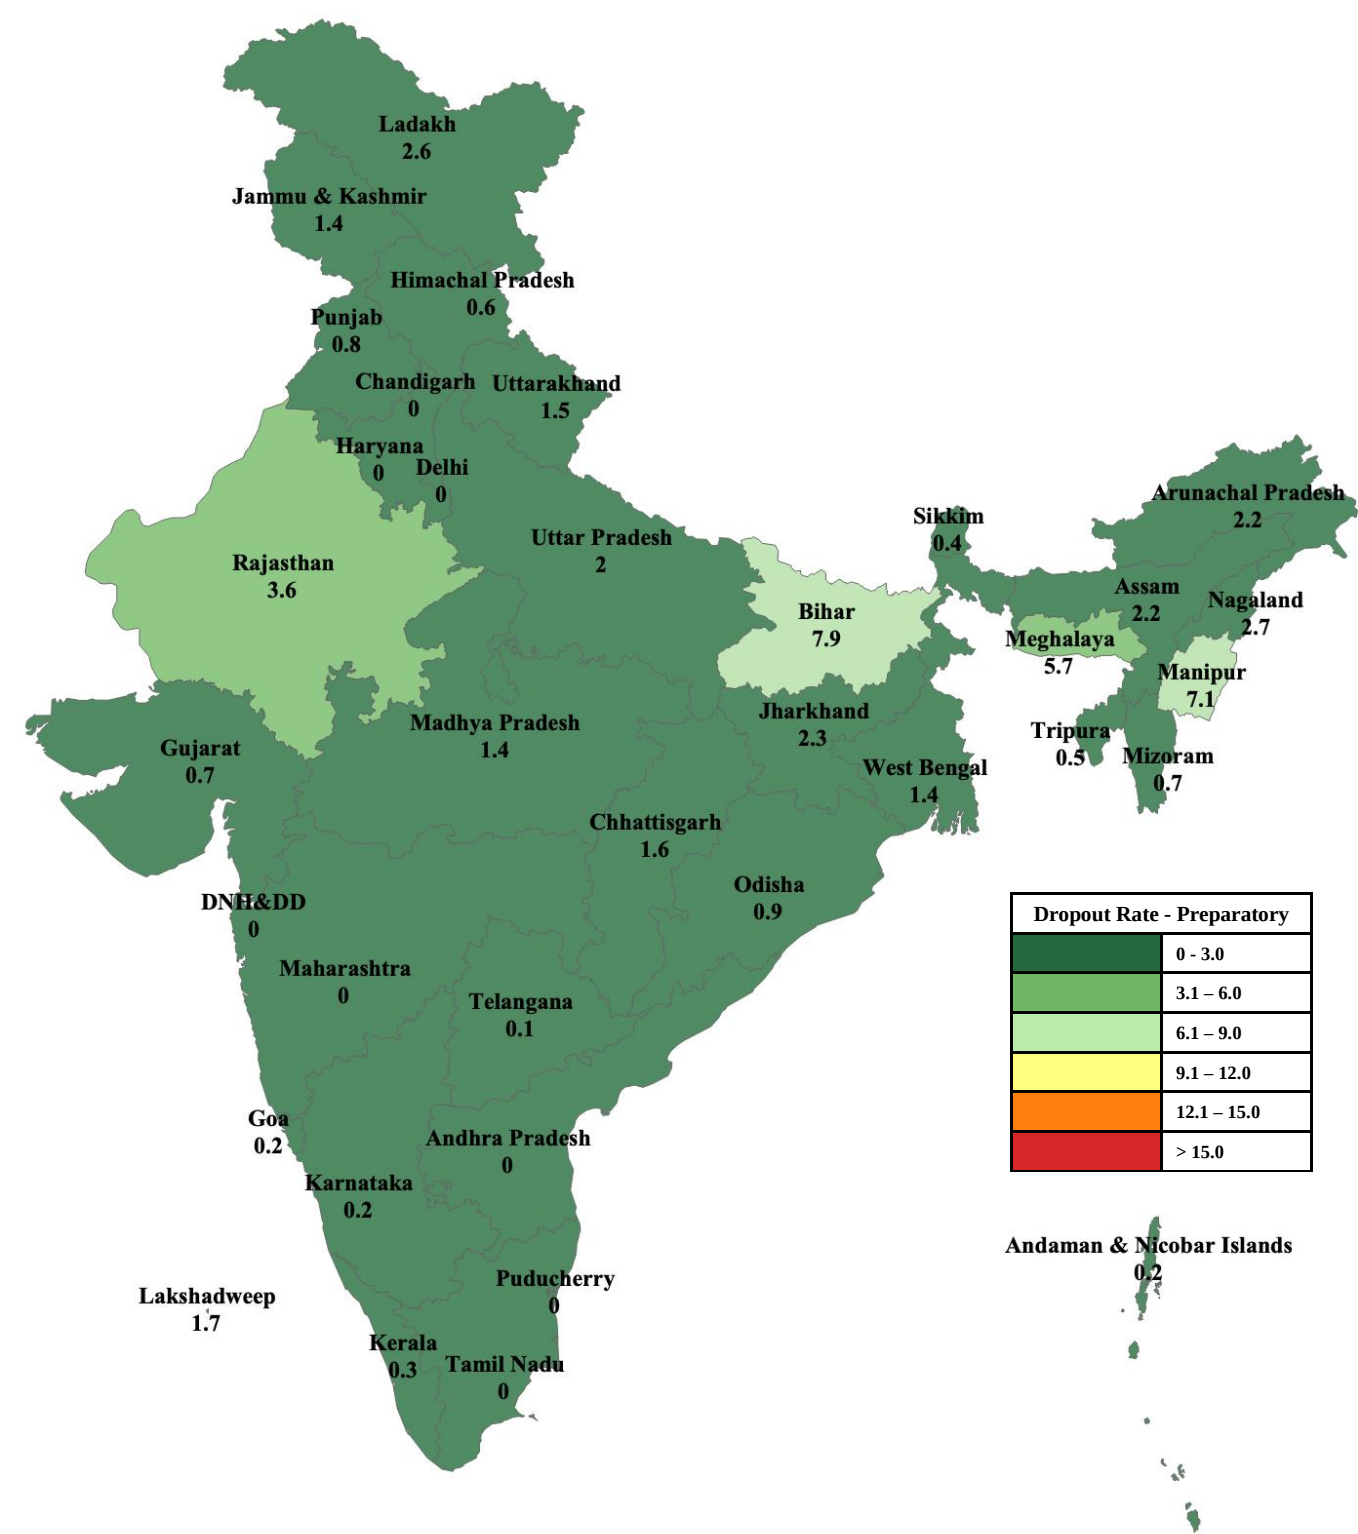

Chart 2.5.6: Retention Rate by pedagogical structure

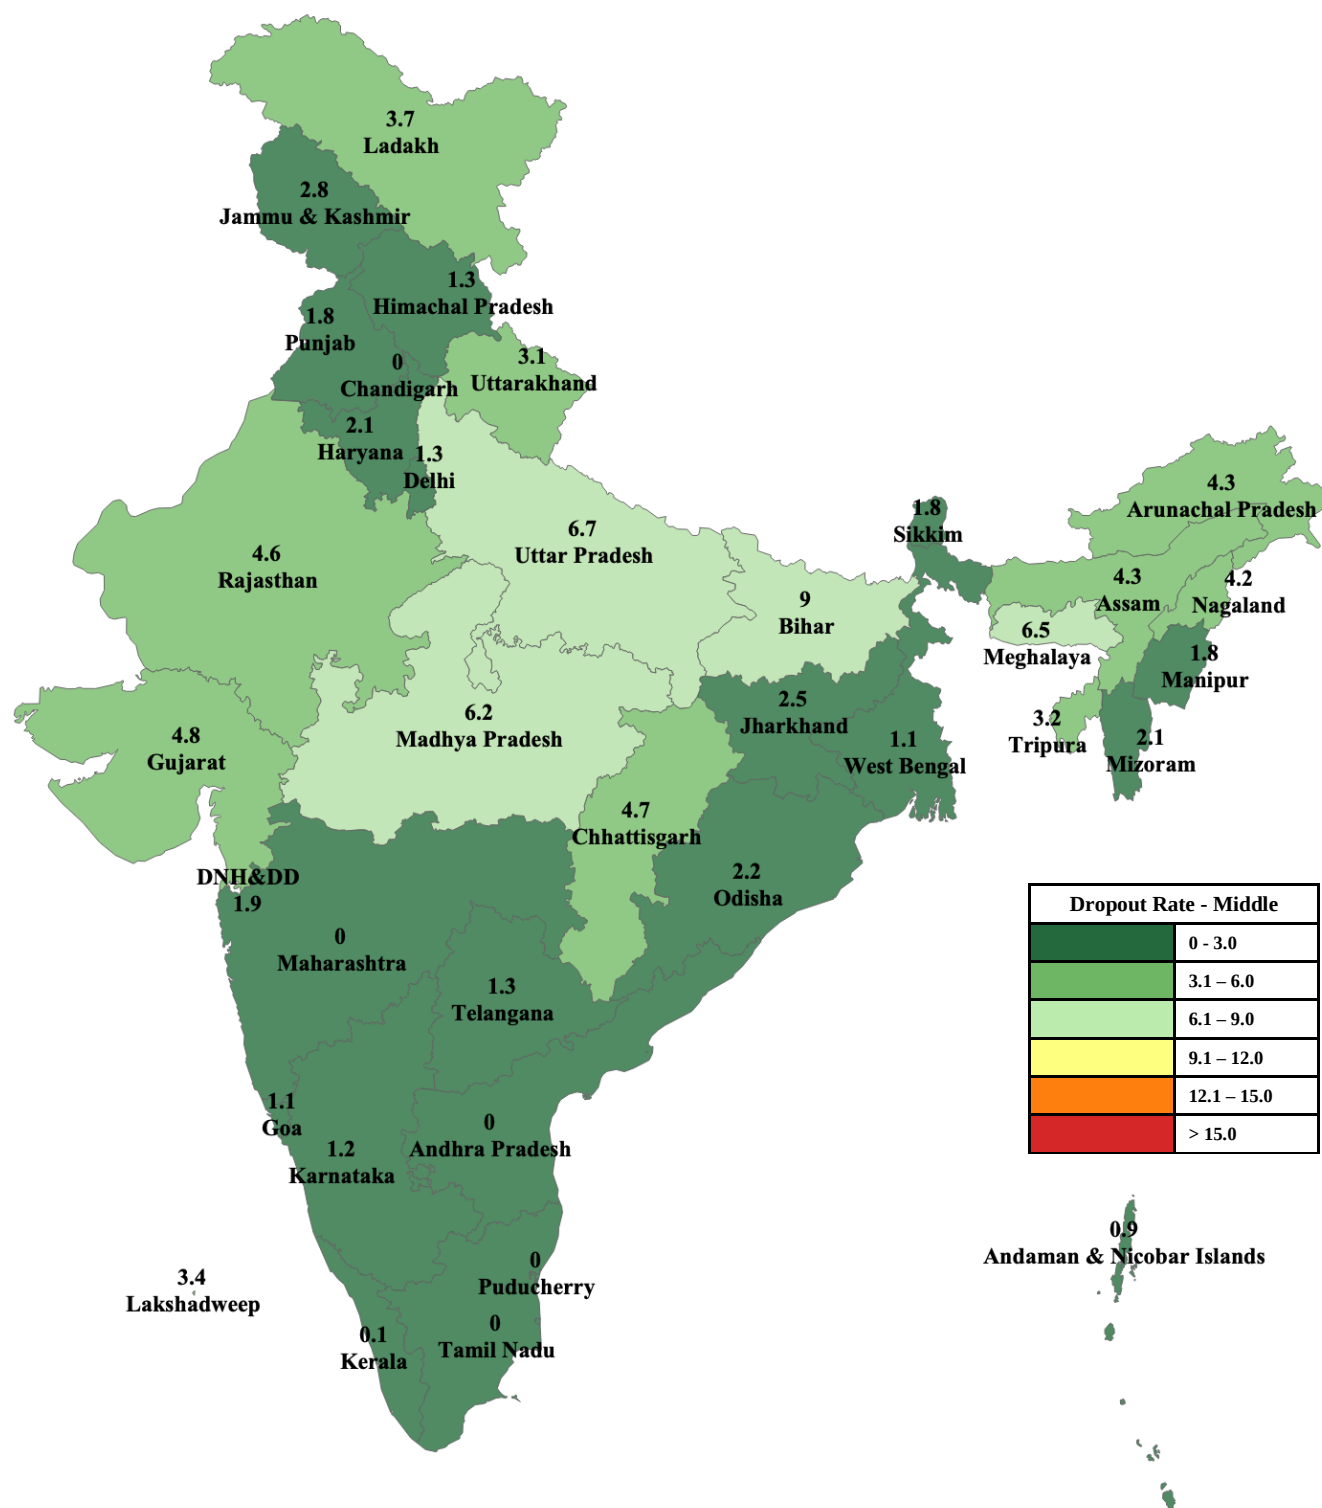

For calculations of Retention Rate, enrolments in Class 1 are considered as the base as large number of students are directly taking admissions in the schools bypassing Pre-Primary level.

2.5.3 State wise Dropout rate by pedagogical structure is presented in Maps 2.5.2 to 2.5.4.

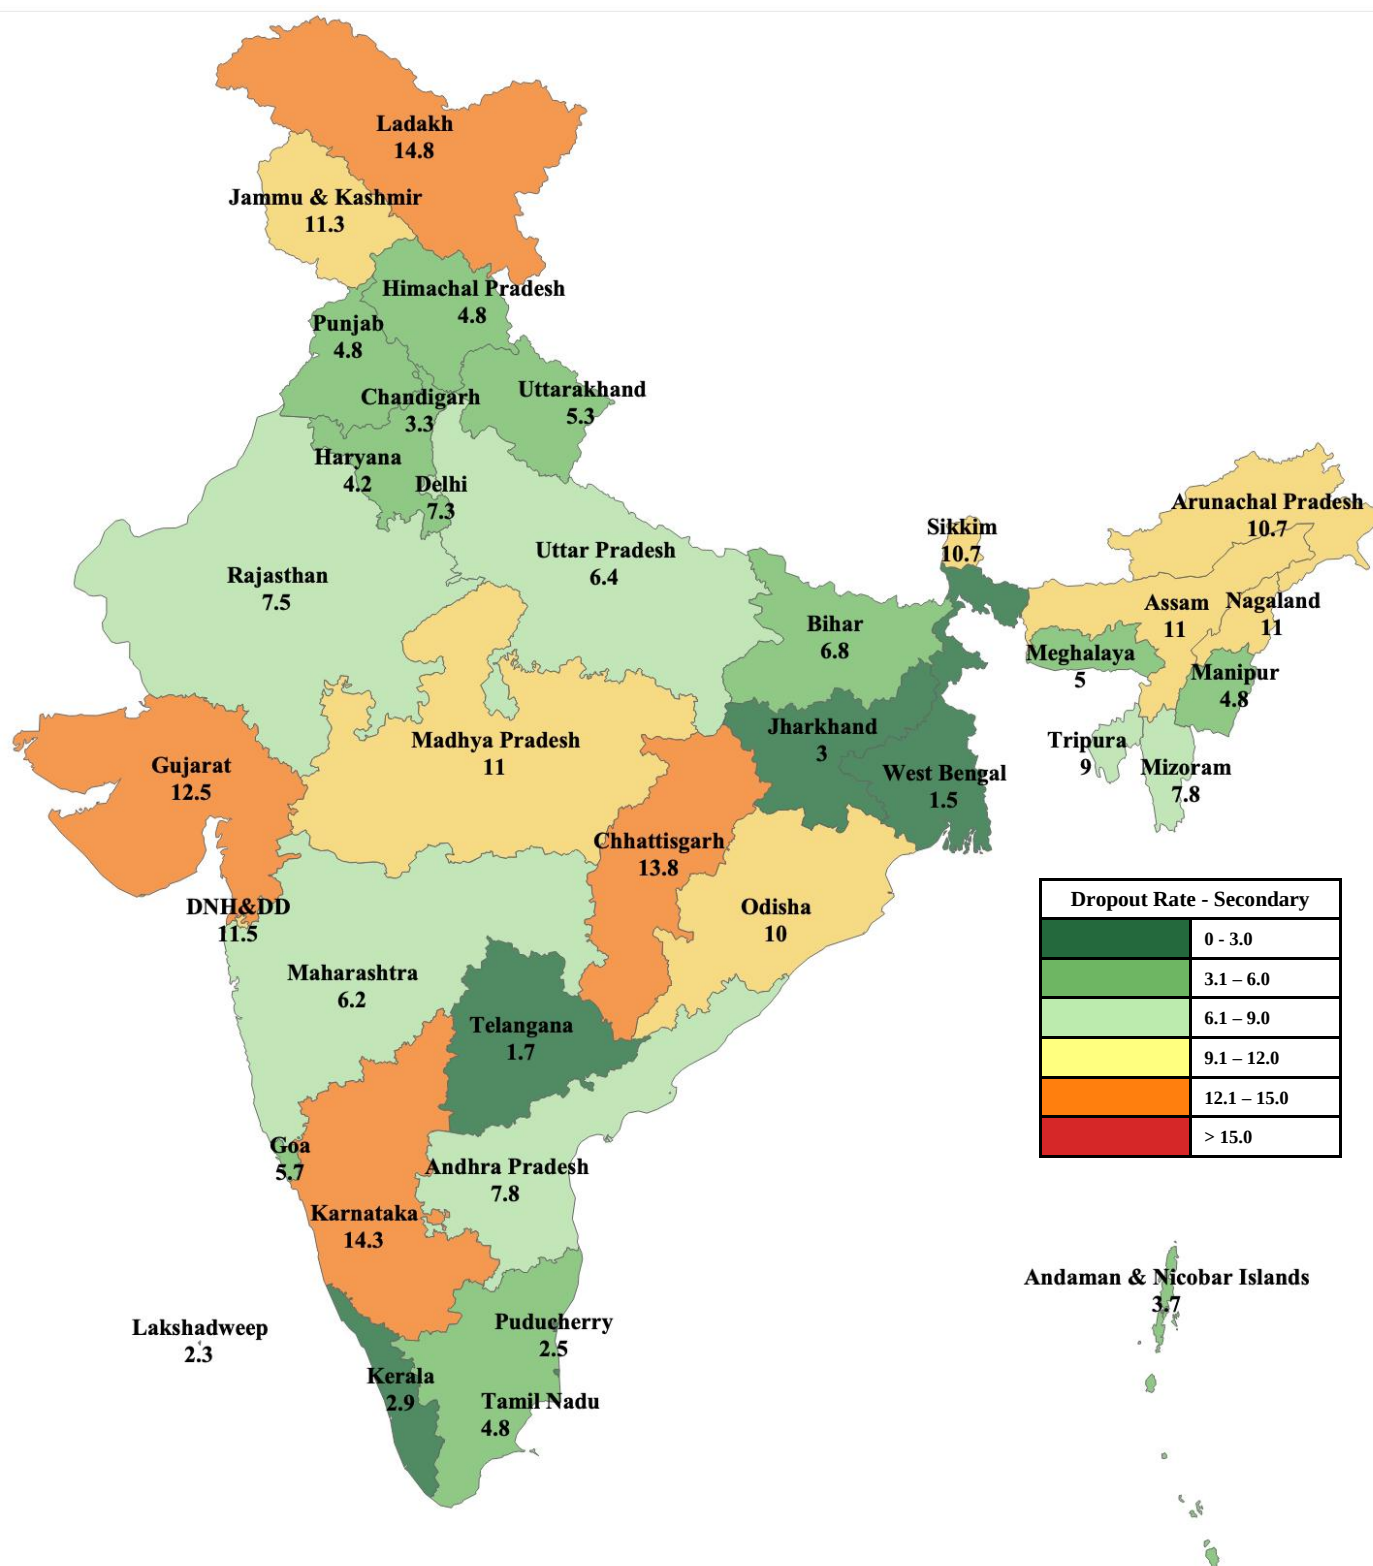

Map 2.5.2: Dropout Rate: Preparatory - 2025-26

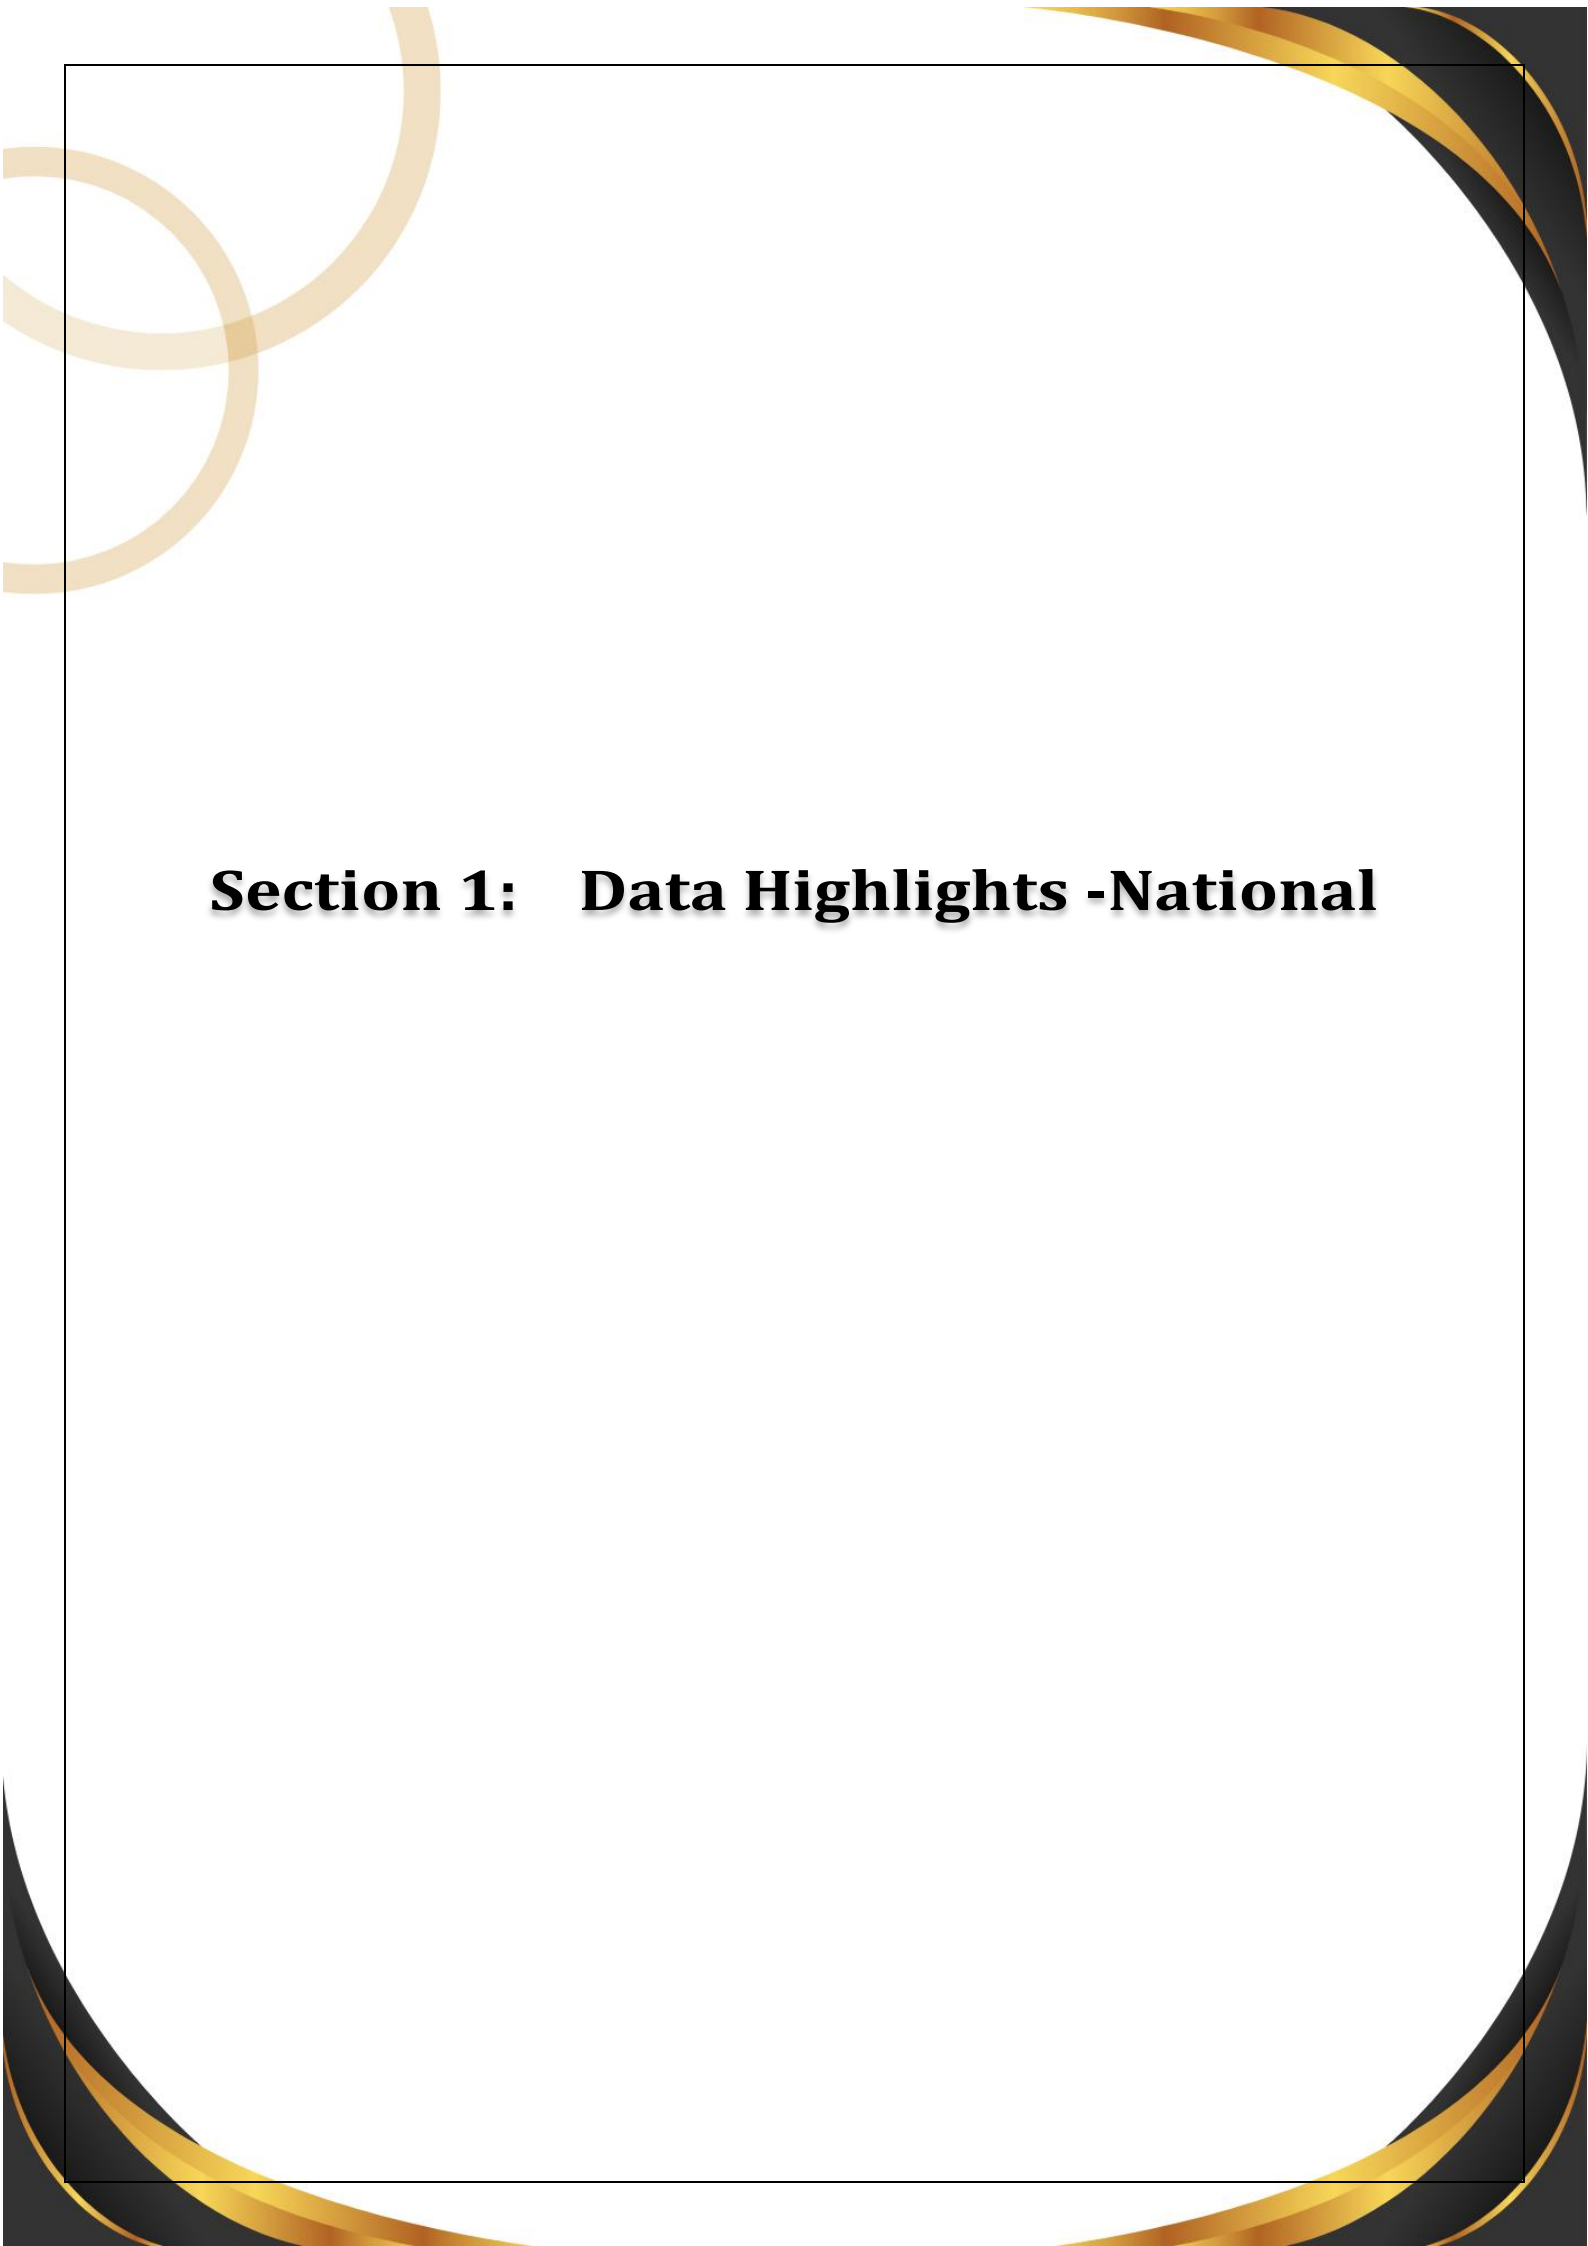

Map 2.5.3: Dropout Rate: Middle – 2025-26

Map 2.5.4: Dropout Rate: Secondary – 2025-26

*Note: GER is calculated using Pre-Primary enrolments in recognized schools as reported by States/UTs, it excludes for Anganwadi enrolments and enrolments in standalone Private Pre-Primary Schools

‘-’: As per Census 2011 there is no SC population reported. As a result, there is no Projected Population thus GER has not been reported

CONCEPTS AND DEFINITIONS USED IN UDISE+

Sl No.	Concept (Abbreviations used)	Definition (with codes as per UDISE+ DCF, wherever applicable)		
1.	Types of schools	The following codes of school management have been considered:		
	Government schools	Management	Code	Type
		Department of Education	1	State Government
		Tribal Welfare Department	2	State Government
		Local Body	3	State Government
		Other State Government. managed schools	6	State Government
		Minority Affairs Department	89	State Government
		Social Welfare Department	90	State Government
		Ministry of Labour	91	State Government
		Kendriya Vidyalaya/ Central School	92	Central Government
		Jawahar Navodaya Vidyalaya	93	Central Government
		Sainik School	94	Central Government
		Railway School	95	Central Government
		Central Tibetan School	96	Central Government
		Other Central Government/ PSU Schools	101	Central Government
	Government aided schools	Government Aided – 4 Partially Government Aided - 7		
	Private unaided schools	Private Unaided recognized - 5		
	Other schools	Unrecognized – 8 Madrasa (recognized by madrasa/ wakf board) – 97, Madrasa (unrecognized) – 98 Madrasa Aided (Recognized) – 99 Veda Schools/Gurukuls/Pathashalas (Aided/Unaided) - 102		
2.	Gross Enrolment Ratio (GER)	Total enrolment in a particular level of school education, regardless of age, expressed as a percentage of the Population of the official age-group which corresponds to the given level of school education in a given school year. Example: GER Foundational = $\text{Enrolment in pre-school to class2} \div \text{projected population in age group 3-7 years}$		
3.	Net Enrolment Rate (NER)	Total number of pupils enrolled in a particular level of school education who are of the corresponding official age group expressed as a percentage of the population of the official age-group which corresponds to the given level of school education in a given school year. Example: NER Foundational = $\text{Children of age 3-7 years enrolled in pre-school to class 2} \div \text{projected population in age group 3-7 years}$		
4.	Adjusted Net Enrolment Rate (ANER)	Total number of pupils enrolled either in the corresponding level or a higher level of the school education who are of the corresponding official age group expressed as a percentage of the population of the official age-group which corresponds to the given level of school education in a given school year. Example: ANER Foundational = $\text{Children of age 3-7 years enrolled in Foundational or higher} \div \text{projected population in age group 3-7 years}$ ANER Preparatory = $\text{Children of age 8-10 years enrolled in Preparatory or higher} \div \text{projected population in age group 8-10 years}$ For both NER and ANER, the following identity is maintained:		

		NER <= ANER <= 100.
5.	Age Specific Enrolment Rate (ASER)	Total number of pupils enrolled in any level of school education who are of the corresponding official age group expressed as a percentage of the population of the official age-group which corresponds to the given level of school education in a given school year. Example: ASER 3-7years = Children of age 3-7 years enrolled in Foundational or higher ÷ projected population in age group 6-10 years ASER 8-10years = Children of age 8-10 years enrolled in Foundational / Preparatory/ Middle/ Secondary ÷ projected population in age group 8-10 years ... ASER 14-17 years = Children of age 14-17 years enrolled in Foundational / Preparatory / Middle/ Secondary ÷ projected population in age group 14-17 years
6.	Percentage of OBC Enrolments to Total Enrolments	Total OBC enrolments expressed as a percentage of the total enrolments
7.	Percentage of all minority Enrolments to Total Enrolments	Total of all notified minority communities' enrolments expressed as a percentage of the total enrolment
8.	Percentage of Muslim minority Enrolments to Total Enrolments	Total of Muslim minority community enrolment expressed as a percentage of the total enrolment
9.	Promotion Rate	Proportion of pupil from a cohort enrolled in a given level at a given school year who are enrolled in the next grade in the following school year.
10.	Repetition Rate	Proportion of pupil from a cohort enrolled in a given level at a given school year who are enrolled in the same grade in the following school year
11.	Dropout Rate	Proportion of pupil from a cohort enrolled in a given level at a given school year who are no longer enrolled at any grade in the following school year. The following identity is maintained while preparing the estimates of promotion rate, repetition rate and dropout rate: Each of Promotion Rate, repetition Rate and Dropout Rate is non negative and Promotion Rate + Repetition Rate + Dropout Rate = 100
12.	Retention Rate	Percentage of a cohort of pupils (or schools) enrolled in a first grade of a given level of education in a given school year who are expected to reach the last grade of the level.
13.	Gender Parity Index (GPI) of GER	Ratio of GER of girls to GER of boys. It measures the progress towards gender parity in education participation and/or learning opportunities available for girls in relation to those available to boys. It also represents the level of girls' empowerment in the society.
14.	Pupil Teacher Ratio (PTR)	Pupil-Teacher Ratio (PTR) is the average number of pupils (at a specific level of education) per teacher (teaching at that level of education) in a given school- year.
15.	AWC	Anganwadi Centres
